MADE IN ALASKA

Wild Alaska Smoked Salmon and Caviar

Solomon Falls offers several types of hot smoked salmon products. In addition to our original recipe, we offer cracked black pepper, and teriyaki sticks. Wild salmon are hand selected from local waters ensuring the best quality. The salmon are brined in our own recipes and then hot smoked to a glorious finish.

Solomon Falls also offers Wild Alaskan Salmon Caviar. Our caviar is a favorite of salmon caviar connoisseurs. Processed and frozen within hours, our freshness is unbeatable. Light on the salt to let the true flavor of the caviar through and it's a great source of Omega 3!

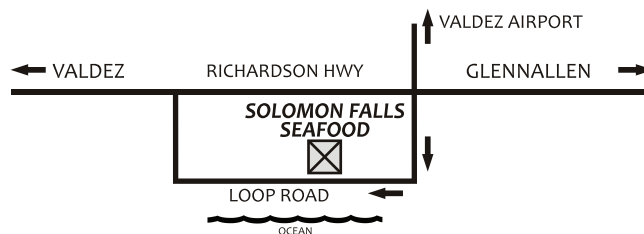

Shipping

All of our products are vacuum packed, frozen, and ready to ship to your door. Your order will be shipped via Fed Ex overnight and will arrive at your door still frozen in a well-insulated styrofoam shipping container. Free delivery of "ready to ship" orders is available to Valdez hotels.
