MADE IN ALASKA

## Smoked Salmon & Salmon Caviar

Solomon Falls offers several types of hot smoked salmon products.

In addition to our original recipe we offer other flavors like cracked black pepper and be sure to try our teriyaki stix.

We hand select wild local fish stocks to ensure quality. After trimming the salmon is brined with our own recipe and then smoked to a glorious finish. Solomon Falls offers several types of salted salmon caviar. If you like salmon caviar you have got to try our caviar. Small round eggs lightly salted "pop" in your mouth. Truly Excellent.

## Shipping

Our products are vacuum packed and frozen and ready to travel.
